SPONSORSHIP PROSPECTUS

WELCOME TO IG26 FROM THE CEO

GrainGrowers is proud to host the 19th annual Innovation Generation conference in Geelong, Victoria.

'IG,' as it's commonly known, is one of agriculture's premier events specifically designed for young growers, ag professionals and students. Each year, delegates come together from across the country to develop their professional network and invest in their own development.

IG is more than a conference; it's been a life changing experience for many young people working in agriculture. Each year the program evolves and offers something unique, thought provoking and entertaining. IG is the space where tomorrow's ag leaders get to dive deeper into the opportunities and challenges ahead.

For our valued sponsors and partners, it's a fantastic opportunity to invest in the future of our industry and forge real connections with tomorrow's leaders and emerging talent.

It's also an opportunity for your organisation to be a part of future-focused discussions and for delegates to learn more about the work of your organisation.

I am constantly blown away by the passion of delegates; the future of Australian ag is bright, and we appreciate your consideration of this opportunity.

We hope to have you support us in delivering an outstanding Innovation Generation 2026!

Shona Gawel
GrainGrowers, CEO

IG25 DELEGATES BY LOCATION

IG25 in Fremantle, WA brought together delegates from the following locations.

ACT	NSW	QLD	SA	VIC	WA	NZ
3	32	8	19	24	162	4

IG25 AUDIENCE INSIGHTS

The IG program is specifically curated to meet the needs and interests of 18-35 year-old grain growers and adjacent industry professionals from across Australia, with a strong focus on innovation. Our delegates are a highly engaged cohort who place significant value on the networking opportunities IG presents. They are actively investing in themselves to grow their skills to contribute more profitably and sustainably to their enterprise, and to the industry more broadly. IG consistently connects with and energises packed audiences from the opening network event through to the final session.

IG is also attended by emerging and established leaders, including Australian Grain Leaders Program participants and GrainGrowers Board members.

ABOUT IG26

Farm Fit: Flexing for the Future

A thriving grain enterprise is like a well-balanced system or a finely tuned machine —every part working in harmony and time. From agile business mindsets and high performing soil to dexterous marketing, powerful technology adoption, a hunger for future-readiness and a strong focus on safety and wellbeing, the components for success are many. Add in sharper weather insights and adaptive decision-making to best manage conditions, and you have a program for resilience and growth.

IG26 explores this year's theme through showcases of innovation and inspirational achievement across these core elements of grain growing, helping young growers and industry professionals strengthen their farm fitness through **knowledge, networks, and new skills**.
